

Advancing Opportunity,
Prosperity and Growth

Manasi Deshpande

Manasi Deshpande is a Senior Research Assistant at The Hamilton Project. She graduated Phi Beta Kappa with highest honors in mathematics, economics, and the Plan II Honors Program from The University of Texas (UT) at Austin in 2007. At UT she wrote her thesis on the effect of the Acid Rain Program on sulfur dioxide emissions rates and taught for principles of economics courses. She is a 2006 Harry S Truman Scholar and winner of the RGK Social Innovation Competition for an information technology venture to improve quality of life for persons with disabilities.

Recent Work

- [*An Economic Strategy for Investing in America's Infrastructure*](#), with Douglas Elmendorf, The Hamilton Project, July, 2008
- [*An Economic Strategy to Address Climate Change and Promote Energy Security*](#), with Jason Furman, Jason E. Bordoff, and Pascal J. Noel, The Hamilton Project, October, 2007
