

# Japan and the TPP

Heizo Takenaka  
Keio University

# **Three mismanagements in politics**

**1 TPP issue was politicized unnecessarily.**

**2 Dispute was not settled yet.**

**3 The only specific aspect of TPP was discussed in an exaggerated manner.**

# **Economic impact**

## **on the Japanese economy**

**1 TPP will change “a dual economy” of Japan.**

**2 The importance of external demand will increase under declining trend of population.**

# **TPP's impact on global economy**

- 1 TPP will stimulate “a creative tension” towards free trade.**
- 2 Japan should be a catalyst for freer trade in the Pacific.**
