

## Accelerating Drug Development for Sickle Cell Disease

Washington Plaza Hotel • Washington, DC

October 9, 2014

---

**Patricia Adams-Graves**

Director, Diggs-Kraus Sickle Cell Center &  
Professor of Medicine, University of Tennessee  
Health Science Center

**Kenneth I. Ataga**

Associate Professor of Medicine,  
Comprehensive Sickle Cell Program, University  
of North Carolina at Chapel Hill

**Samir Ballas**

Professor Emeritus, Thomas Jefferson  
University

**Christopher J. Bean**

Research Biologist, Division of Blood Disorders,  
Centers for Disease Control and Prevention

**Jonca Bull**

Director, Office of Minority Health, U.S. Food  
and Drug Administration

**James F. Casella**

Rainey Professor and Chief, Pediatric  
Hematology; Director, Basic & Translational  
Research Program and Comprehensive Sickle  
Cell Center, The Johns Hopkins University  
School of Medicine

**Brenda Cooperstone**

Vice President, Global Medicines Development  
Group, Pfizer

**Brian Culley**

Chief Executive Officer and Director, Mast  
Therapeutics

**Carlton Dampier**

Professor of Pediatrics, Emory University School  
of Medicine, Aflac Cancer and Blood Disorders  
Center

**Gregory Daniel**

Fellow and Managing Director, Brookings  
Engelberg Center for Health Care Reform

**Laura De Castro**

Director, Adult Clinical Services, Duke  
Comprehensive Sickle Cell Center

**Ulyana V. Desiderio**

Director of Scientific Affairs, American Society  
of Hematology

**Stephen Embury**

Founder and Chief Executive Officer, Vanguard  
Therapeutics

**Ann T. Farrell**

Director, Division of Hematology Products,  
Center for Drug Evaluation and Research

**Lisa Faulcon**

Medical Officer, Center for Biologics Evaluation  
and Research

**Jonathan Goldsmith**

Medical Officer, Center for Drug Evaluation and  
Research

**Brahm Goldstein**

Senior Medical Director, Clinical Research &  
Development, Baxter Healthcare Corporation

**Carlton Haywood**

Assistant Professor of Medicine, Johns Hopkins  
University

**Lori Heath**

Clinical Research Scientist, Eli Lilly & Co.

**William Hobbs**

Associate Medical Director, Biogen Idec

**Keith Hoots**

Director, Division of Blood Diseases, National Heart, Lung, and Blood Institute

**Edward Donnell Ivy**

Medical Officer, Genetics Services Branch, Maternal and Child Health Bureau, Health Resources and Services Administration

**Gregory Kato**

Director, Adult Sickle Cell Center of Excellence, University of Pittsburgh

**Abdullah Kutlar**

Director, Sickle Cell Center, Georgia Regents University

**Ted W. Love**

President and Chief Executive Officer, Global Blood Therapeutics

**Robert Mashal**

President and Chief Executive Officer, NKT Therapeutics

**Mark B. McClellan**

Senior Fellow and Managing Director, Brookings Engelberg Center for Health Care Reform

**Yutaka Niihara**

Chief Executive Officer and President, Emmaus Life Sciences

**Kwaku Ohene-Frempong**

Director Emeritus, Comprehensive Sickle Cell Center, Children's Hospital of Philadelphia

**Rick Pazdur**

Director, Office of Hematology and Oncology Products, Center for Drug Evaluation and Research

**Greg Reaman**

Associate Director of Oncology Services, Center for Drug Evaluation and Research

**Elizabeth Richardson**

Research Associate, Brookings Engelberg Center for Health Care Reform

**Kathy Robie-Suh**

Medical Team Leader, Division of Hematology Products, Center for Drug Evaluation and Research

**Stephen Seiler**

Founder, AesRx

**James W. Shaw**

Associate Director, Oncology, Worldwide Health Economics and Outcomes Research, Bristol-Myers Squibb

**Wally R. Smith**

Florence Neal Cooper Smith Professor of Sickle Cell Disease, and Scientific Director, Center on Health Disparities, Virginia Commonwealth University

**Kim Smith-Whitley**

Director, Comprehensive Sickle Cell Center, Children's Hospital of Philadelphia

**Dianne Spillman**

Team Leader, Division of Hematology Products, Center for Drug Evaluation and Research

**Jonathan Stocker**

Senior Director of Clinical Development, Selexys Pharmaceuticals

**Craig Streit**

Research Assistant, Brookings Engelberg Center for Health Care Reform

**Marilyn Telen**

Wellcome Professor of Medicine, Division of Hematology, and Director, Duke Comprehensive Sickle Cell Center

**Helen Thackray**

Chief Medical Officer, GlycoMimetics

**Nicole Verdun**

Medical Reviewer, Division of Hematology  
Products, Center for Drug Evaluation and  
Research

**Winfred Wang**

Faculty, Department of Hematology, St Jude's  
Children's Research Hospital
