

Martin Neil Baily, Bio

November 2016

Bernard L. Schwartz Chair in Economic Policy Development, and Senior Fellow, Economic Studies, Brookings Institution, Washington DC.

Baily re-joined Brookings in September 2007 to develop a program of research on business and the economy. He is studying financial regulation, growth, and how to speed the recovery. He is a Senior Advisor to the McKinsey Global Institute and to the Albright Stonebridge Group. He is the co-chair of the Financial Regulatory Reform Initiative of the Bipartisan Policy Center, which recently won *Prospect* magazine's 2015 Think Tank of the Year award in the "U.S. Economic and Financial" category. He is a member of the Macroeconomic Advisers Board of experts as of September 2016.

In August 1999 Dr. Baily was appointed as Chairman of the Council of Economic Advisers. As Chairman, Dr. Baily served as economic adviser to the President, was a member of the President's Cabinet and directed the staff of this White House agency. He completed his term as Chairman on January 19, 2001. Dr. Baily previously served as one of the three Members of the President's Council of Economic Advisers from October 1994 until August 1996.

Baily has served as a Senior Advisor to the McKinsey Global Institute for many years and was an adviser to the Congressional Budget Office from 2006-09. Dr. Baily was a Principal at McKinsey & Company at the Global Institute in Washington, D. C. from September 1996 to July 1999, and from 2001 to 2007 he was a Senior Fellow at the Peterson Institute where he published books on the European economy and on pension reform. Baily was the co-chair of the Taskforce on Financial Reform convened by the Pew Charitable Trusts and a member of the Squam Lake Group of financial economists. He was a Director of the Phoenix Companies of Hartford, CT from 2005 to August 2016.

Dr. Baily earned his Ph.D. in economics in 1972 at the Massachusetts Institute of Technology. After teaching at MIT and Yale, he became a Senior Fellow at the Brookings Institution in 1979 and a Professor of Economics at the University of Maryland in 1989. He is the author of many professional articles and books, testifies regularly to House and Senate committees and is often quoted in the press.

Recent Papers

"Financial Reform: Preventing the Next Crisis (and Aaron Klein, Justin Schardin), *The Russell Sage Foundation Journal of the Social Sciences*, (forthcoming).

"Wanted: A more reasonable debate on infrastructure" op-ed, Brookings, October 6, 2016.

"Productivity should be on the next president's agenda," report, Brookings, October 6, 2016.

Résumé

November 2016

The Brookings Institution

1775 Massachusetts Avenue NW, Washington DC 20036-2103
(202) 797-6476. Asst. Rebeka Sundin, rsundin@brookings.edu; 202-238-3115.

Date of Birth: January 13, 1945

Citizenship: U.S. Citizen

Married, four children

E-mail: mbaily@brookings.edu

Education:

Cambridge University; majored in economics with a minor in natural sciences. Received first class honors.
B.A. 1966 M.A. 1970

Simon Fraser University in Canada; majored in economics and econometrics. M.A. 1968.

Massachusetts Institute of Technology, Ph.D. in economics, 1972.

Principal Positions:

Senior Fellow, The Brookings Institution, present; Director of the Initiative on Business and the Economy, Bernard L. Schwartz Chair of Economic Policy Development, September 2007 to the present.

Co-Chair of the Financial Regulatory Reform Initiative of the Bipartisan Policy Center.

Senior Advisor, McKinsey Global Institute, McKinsey & Company, January 2002-present.

Member of the Macroeconomic Advisers Board; September 2016 – present

Board of Directors, The Phoenix Companies, Hartford CT, April 2005- September-2016

Academic Advisor, Congressional Budget Office, 2006 to 2009.

Senior Fellow, Peterson Institute for International Economics March 2001-August 2007.

Chairman, President's Council of Economic Advisers, member of President Clinton's Cabinet, August 1999-January 2001.

Principal, McKinsey & Company, Inc., September 1996-August 1999.

Member, President's Council of Economic Advisers, October 1994-August 1996.

Professor of Economics at the University of Maryland, 1989 to 1996.

Senior Fellow at the Brookings Institution in Washington, D.C. 1979-89.

Research Associate or Affiliate of the National Bureau of Economic Research, 1978-1998.

Co- Editor of the *Brookings Papers on Economic Activity, Microeconomics*, 1989 to 1999.

Lecturer, University of Nairobi, 1972; Assistant Professor MIT, 1972-73; Assistant and Associate Professor, Yale University, 1973-79; Visiting Professor, Universidad de los Andes, Colombia, 1975.

Other Positions:

Vice-Chairman, panel of the National Research Council/National Academy of Sciences convened to assess the contribution of information technology to performance in service activities, 1991-1993.

Member of a panel convened by the Office of Technology Assessment to evaluate pharmaceutical prices, 1991.

Member of the Brookings Panel on Macroeconomics and Senior Adviser to this panel since 1976.

Co-chair of the Taskforce on Financial Reform convened by the Pew Charitable Trusts, 2008- 2010

Research Support:

Research has been funded by The National Science Foundation, The Sloan Foundation and The Ford Foundation, The Smith Richardson Foundation, as well as numerous corporate supporters.

Consulting Activities:

Prepared economic analysis for numerous companies, including studies of the tax treatment of R&D for the Council on Research and Technology, a consortium of corporations and universities. Testified as an expert witness in D.C. Superior Court and in arbitration hearings. Worked with McKinsey client teams to provide economic counseling to CEOs and senior management. Prepared a study of US competitiveness for the Private Equity Council.

Summary of Research Interests:

Developed a theory of implicit labor contracts, an analysis of why wage inflation responds so sluggishly to excess supply in the labor market. Evaluated the impact of unemployment insurance, policies to reduce structural unemployment and the role of monetary and fiscal policy in the stability of the U.S. economy. Since 1979 worked on productivity and innovation in the US and other countries. The impact of labor quality, energy and capital, measurement problems, innovation, the electronics revolution and management quality on U.S. economic performance have been assessed. Completed several studies of individual manufacturing plants. Participated as co-author and member of the leadership team of McKinsey Global Institute studies of service sector and manufacturing productivity and the employment performance and in a series of country studies. Participated in studies of the globalization of the capital market and of health care. Recent work assessed the revival of US productivity growth, the impact of the dollar on the US economy, and Social Security reforms around the world. Completed a book on European reform in September 2004 and on pension reform in 2009. Directing new research program on business and the economy, analyzing the impact of the financial crisis on the economy and the impact of the Great Recession. Studying the impact of small and private business on the economy.

Listing of Publications and Papers:
