**The Arab Awakening**
America and the Transformation of the Middle East
Kenneth M. Pollack, Daniel L. Byman & others

“The events that began in Tunisia in January 2011 . . . shook the political, social, and intellectual foundations of the Middle East. Nevertheless, enough time has passed to try to make sense of what has happened so far and, perhaps, gain an inkling of where the region is headed.”—from the Introduction

The Future of Pakistan
Stephen P. Cohen & others
“Because Pakistan is marinated in crisis, attention is riveted on the latest outrage, disaster, or calamity to occur. . . . The cover of this book, which features a puzzle, symbolizes the larger analytical problem: is Pakistan coming apart or is it being put together in some new order?”—Stephen P. Cohen in the Preface
